2011 LOICZ Open Science Conference

Coastal Systems, Global Change and Sustainability

12-15 September, 2011 in Yantai, China

Scope of the Conference and Topics

The LOICZ OSC is arranged around the overarching topic on “Coastal vulnerability and sustainability to support adaptation to global change”. LOICZ invites contributions to the following scientific themes and encourages the study of vulnerability, dynamics and resilience of land-ocean systems at local, regional and/or larger scales:

- Social-Ecological Systems and Scales,
- Vulnerability and Resilience,
- Adaptive Capacity and Mechanisms,
- Spatial/Temporal Scales,
- Earth Observation and Monitoring,
- Assessing, Modelling and Scenario Building,
- Coastal Economics, Ecosystem Goods and Services,
- Science-Practice-Policy Interface and Knowledge Transfer,
- Coastal Governance,
- River-Mouth Systems,
- Small Island Developing States (SIDS),
- Arctic Coastal Zones,
- Coastal Urbanization.

Deadline for Abstract Submission: 31 May, 2011
Oral Presentation, Poster and Paper Acceptance
Notification by 15 June, 2011

**2nd Announcement and
Call for Abstracts**
Deadline for Abstract Submission
extended to 31 May, 2011

**For detailed session descriptions and preliminary programme for the LOICZ OSC
2011 please visit: <http://www.loicz-osc2011.org/page.asp?id=97>**

Organised by Land-Ocean Interactions in the Coastal Zone (LOICZ),
hosted at the Helmholtz-Zentrum Geesthacht, Centre for Materials and Coastal Research, Germany
and the Yantai Institute of Coastal Zone Research, China
